MERGING BAD BIRDY'S CREATIVE VISION WITH KROWNE'S TECHNICAL EXPERTISE

Following huge demand for a mobile bar station in the wake of the Bad Birdy x Krowne partnership, both Bad Birdy and the Krowne design team started brainstorming for their next big launch. This laid the foundation to create a mobile bar station rooted in a bartender-friendly approach with a functional zero-step layout that maximizes profitability and efficiency.

Shipped completely assembled so you can put your new mobile bar to use immediately.

Custom Wilsonart Laminate panels and black vinyl trim provides a sleek aesthetic design and protection.

Locking casters with rubber tread allows unit to be easily moved over a variety of surfaces.

Drainage tank collects drainage from dump sink and ice bins and allows for easy liquid disposal.

"Together, we are developing innovative solutions to make the bartender's cockpit exciting and efficient."

Bad Birdy
Krowne Bar Ambassador
