

Single Pedal Foot Valve

ROYAL SERIES

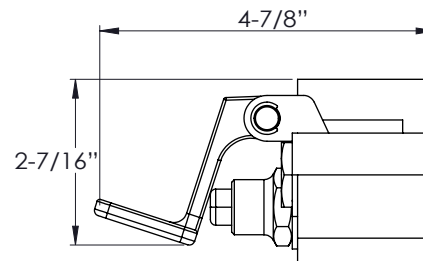

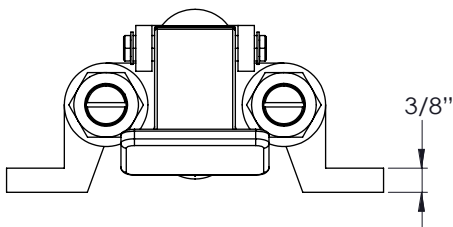

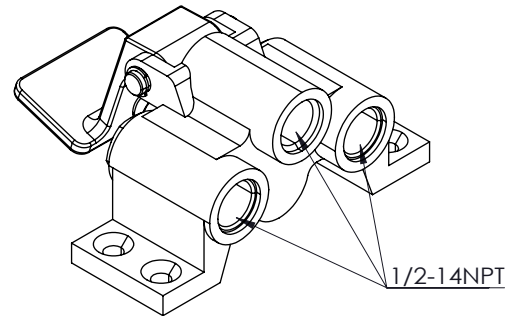

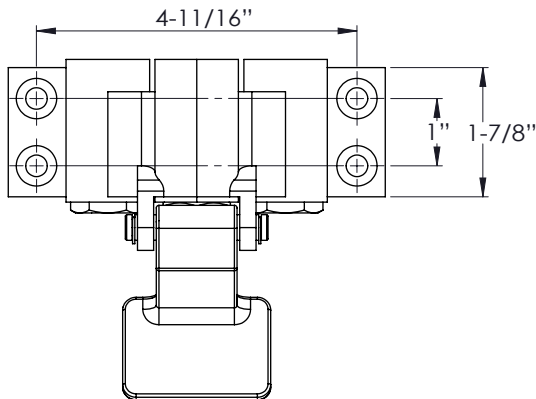

Standard Features

- Self-closing valve shuts off automatically after use, cutting down on water waste.
- Independent flow control on both hot and cold valves gives users precise output control.
- 1/2" female inlets allow quick, standard supply line hookup.
- 1/2" outlet matches common fixture and hose fittings.
- Built-in check valves guard against backflow, protecting water supply integrity.
- Flow control valves let users fine-tune hot/cold mix for the desired temperature, reducing flow rather than shutting it off completely.

Model	Description
16-407L	Single Pedal Foot Valve
