

INDUSTRY-TRUSTED CO₂ CHILLERS

Premium Quality Beyond Comparison

KROWNE CO₂ CHILLERS

Designed. Certified. Proven.

- ✓ Engineered for continuous, professional use
- ✓ Certified quality & safety standards
- ✓ Low CO₂ consumption
- ✓ Built-in solenoid valve for safe pressure control
- ✓ Thermal cut-off protection
- ✓ Food-grade materials & certified finishes
- ✓ Portable 12V rechargeable battery
- ✓ One-hand operation
- ✓ Quiet performance
- ✓ Long product lifespan
- ✓ Backed by professional service & support

KNOCKOFF CO₂ CHILLERS

"Low-Cost" Imitations

- ✗ No true quality certifications
- ✗ Excessive CO₂ consumption — often 2-3 × higher
- ✗ Missing basic safety components
- ✗ No thermal protection — prone to jamming
- ✗ Non-certified, non-food-grade materials
- ✗ Direct power only — limited portability
- ✗ Requires two-hand operation
- ✗ High noise levels
- ✗ Short lifespan — often 2-3 years
- ✗ Minimal or no after-sales support
