## ABOUT OUR CASTERS

Krowne offers many types of casters to fit a wide variety of restaurant equipment from ranges and ovens to worktables and fryers. With brakes on all four casters, your equipment is guaranteed to stay put or easily roll out for cleaning when needed. From plate casters to threaded stem casters, you are sure to find the type you need for your application. Just check [krowne.com/crossover](http://krowne.com/crossover) or give us a call with the model number of your equipment and we will let you know the best caster to fit your needs!
