## CLEANING METHODS

### Option 1

1. **Clean with mild soap & water** mix a few drops of mild dish soap into a bowl of warm water.
2. **Wash & dry** use soft microfiber cloth dampened with the soapy water to gently wipe surface.
3. **Rinse & buff** rinse thoroughly with plain water & immediately dry with clean soft cloth to prevent water spots.

### Option 2

#### Vinegar, Salt & Flour Paste (Remove residue & stubborn tarnish)

1. **Make the paste** combine equal parts white vinegar, salt & flour to create thick paste.
2. **Apply & rest** spread paste over tarnished brass with a soft cloth & let it sit for 10 minutes. For heavier tarnish, let it sit for up to an hour.
3. **Rinse & dry** rinse plate with warm water, making sure to remove all the paste & dry it completely with soft cloth.

### Option 3

#### Lemon Juice & Baking Soda (Remove residue & minor tarnish)

1. **Make the paste** combine juice of half a lemon with tablespoon of baking soda to create a paste.
2. **Apply & rub** use microfiber cloth to rub the paste gently onto brass.
3. **Wait & rinse** let the solution sit for a few minutes. Wiping clean with wet cloth. Dry completely when finished.
4. **Polish to a shine** for high-gloss finish, buff plate with clean soft microfiber cloth after it's fully dry.
