Krowne Ice Design Plate - KDP1-48

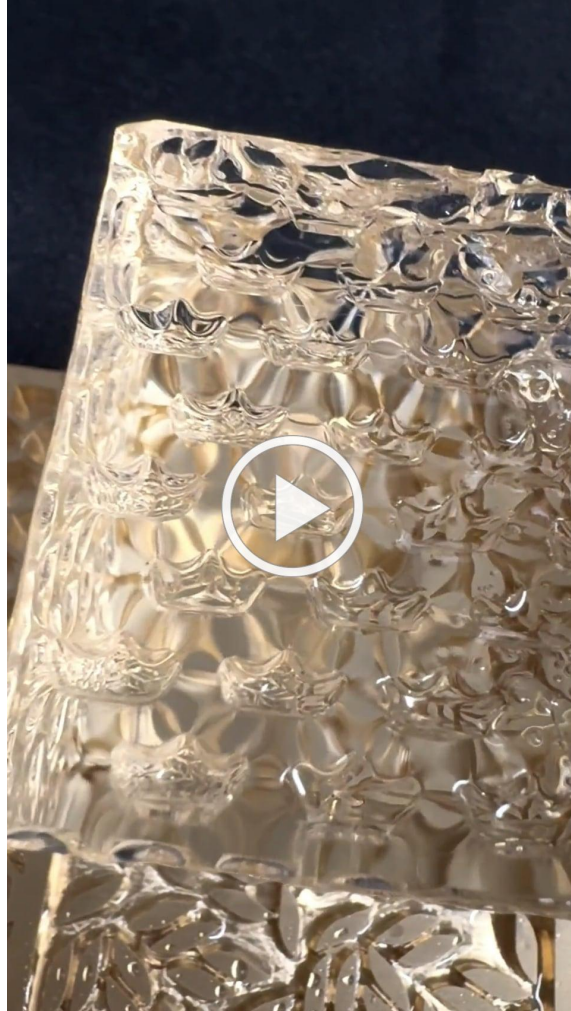

Introducing Krowne's **Ice Design Plate** – the perfect addition to any workstation. Elevate cocktails effortlessly to the next level with printed ice cubes designed to enhance the overall aesthetic of the customer experience.

This innovative concept allows users to print up to five different designs, ensuring a unique cube experience every time. Not only does the cube become imprinted with the chosen pattern, but it also swiftly returns to its crystal-clear state after just a few seconds on the 4" X 8" brass plate. Our fully customizable option allows restaurants and bars to showcase their style with a logo or design of their choice.

With our commitment to quality and innovation, the **Ice Design Plate** adds flair and excitement, making it an excellent choice for bartenders everywhere.

The Matrix - KR24-12CSF

The Matrix, our craft ice storage freezer, provides an innovative solution to store

large format ice within the bar line up to keep bartenders workflow efficient and profitable.

This durable, all stainless-steel freezer is engineered to help keep the shape and clarity of cubes with an insulated sliding cover, which keeps ice at the optimal temperature. The Matrix Unit also has the capacity to store up to 168 2" X 2" X 2" cubes. Other features include a removeable divider for storage of different types of ice and no defrost cycle to allow ice storage overnight.

When paired with our ice design plates the **Matrix Unit** is the perfect addition to elevate your establishment and maximize space!
