Pedestal Base Option for Royal Series Underbar Equipment

Introducing our innovative **Pedestal Base Option (KMPED)**, the perfect solution for customers that want a Modular Bar Die look and feel, but have existing infrastructure.

By eliminating the need for traditional legs, the pedestal base option enhances the visual appeal of the space and streamlines the cleaning process. Removable panels on the bartender side grant convenient access to floor drains, plumbing, soda/beer lines, and the underside of equipment. The sealed finish ensures easy maintenance by preventing spills and debris from accumulating behind or beneath equipment, thereby extending its lifespan.

The **Pedestal Base Option** offers both initial installation ease and future modification flexibility, making it a game-changer for spaces striving for efficiency and excellence.

Backbar Coolers with Sliding Drawers

Our **backbar coolers with sliding drawers** are the premium solution for spaces

seeking efficient storage.

Engineered with high-quality materials, these coolers offer a sleek and space-saving design, perfect for maximizing storage behind bars, and keeping product at the optimal temperature. The sliding drawers with built-in locks and soft stop technology provide convenient organization of wine bottles and garnishes, ensuring bartenders can serve customers promptly without disrupting workflow.

With their durable construction and innovative features, our **backbar coolers** with sliding drawers elevate the efficiency and functionality of any space!

Krowne Casters

Our **Casters** represent the epitome of versatility and durability in commercial kitchen/restaurant equipment.

Crafted with meticulous attention to detail and engineering, these casters effortlessly glide across various surfaces, providing seamless mobility for heavy equipment. They have brakes on all four casters, ensuring equipment stays put or can easily roll out to maintain your businesses cleanliness.

From **plate casters** to **threaded stem casters**, we offer exceptional strength and stability, making our casters the preferred choice for businesses seeking reliable solutions that stand the test of time.

Crossover Search

Crossover a Product

Enter a competitor's model number to find Krowne's version of that model.

OR

Need Casters?

Search the manufacturer's model number for the correct Krowne caster.

If no caster appears, please email casters@krowne.com

Type & hit enter...

Search

Disclaimer: Crossovers are not guaranteed for 100% accuracy. Please verify any alternate model result against your required product specification.

Our **Crossover Search** is transforming the way businesses locate compatible parts for their equipment.

This innovative online search streamlines the often complex task of finding specific components by offering a user-friendly interface that delivers real-time answers. With just a few clicks, users can effortlessly pinpoint the Krowne equivalent caster that matches their equipment.

We've recently enhanced our tool to encompass faucet and gas connectors. By simply inputting the model, a corresponding Krowne equivalent is swiftly presented, ensuring a seamless process.

This invaluable tool underscores our dedication to customer satisfaction, delivering a smooth experience for professionals in the foodservice industry.
