A graphic with a dark background featuring white and teal wavy lines. At the top is a white crown icon. Below it, the text "NAFEM 2025" is written in large, bold, teal letters, and "RECAP" is written in white letters below that.

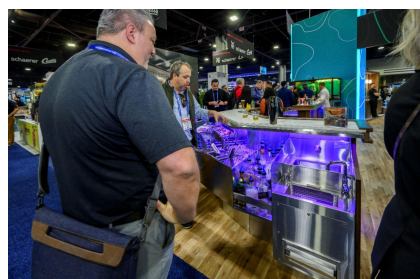

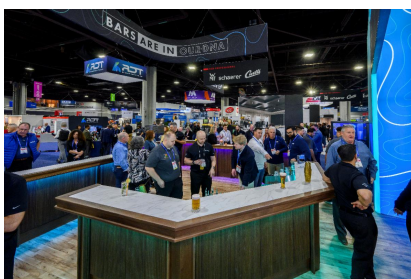

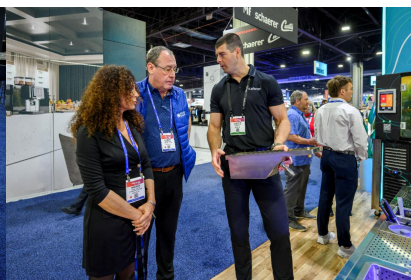

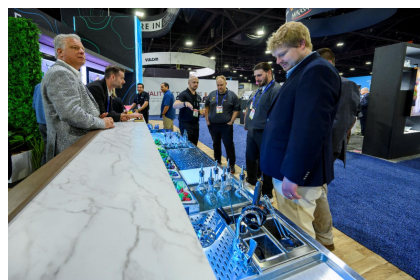

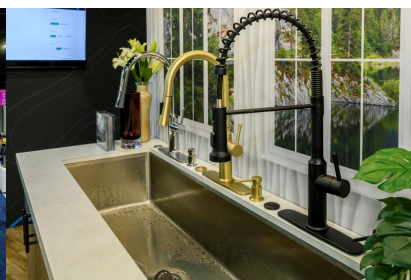

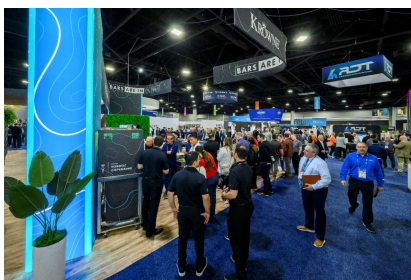

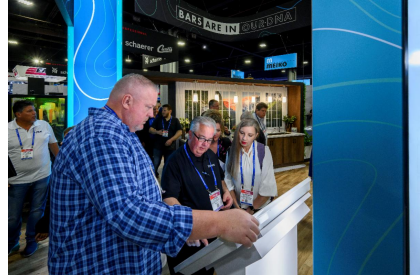

NAFEM 2025

RECAP

Thank you to everyone who took the time to stop by our **NAFEM Booth!**

We were happy to connect with everyone, showcase our latest innovations, and share some exciting surprises along the way!

New Product Recap

Alchemy is a process that changes something in mysterious ways. The Alchemy Series represents this by starting with base metals and transforming them into something greater.

This new series showcases our passion for breaking the mold and making bartenders' lives better. Designed with a hyper-focus on ergonomics, speed, organization, and beauty, this series delivers on all fronts.

Delve into the hidden underworld of [The Alchemy Series](#) to understand why everyone is taking the leap and transforming bar setups across the industry!

Alchemy Products I Series Shared Features:

- Designed at an ergonomic 32.5" working height to improve bartender mobility and eliminate lower back strain caused by standard 30" working height equipment
- Premium all stainless-steel construction
- Available on modular bar die, pedestal base, and legs
- Fully compatible with Royal Series equipment due to identical 24" front to back depth
- Perfect extension of MoveWell Stations as both have working height of 32.5" high and front to back depth

The Thirty-Eight Lab

AL24-LAB38-C

The Forty-Eight Lab

AL24-LAB48-C

AL24-LAB48-R

Features

- Provides a more ergonomic work space for the bartender to build drinks on the unit instead of on the bartop
- Recessed pocket under mise-en-place station to store large assortment of dasher bottles and bitters
- Horizontal fully insulated ice bin allows for cold storage of garnishes conveniently located right in front of the bartender

Available On:

The Thirty-Eight Lab: Pull out drawers for maximum storage

The Forty-Eight Lab: Pull out drawers or ultra low profile refrigerated drawers
