Take a Tour of FaucetFlex

Our **FaucetFlex** configurator presents a cutting-edge solution for the plumbing industry.

Crafted with innovation and quality in mind, this configurator offers unparalleled flexibility and functionality.

With **FaucetFlex**, businesses can elevate their operations with confidence, knowing they have a dependable faucet solution that delivers exceptional results.

FaucetFlex AR Functionality

FaucetFlex's AR functionality represents a groundbreaking advancement in the

realm of equipment technology.

This feature offers users an immersive and interactive experience when selecting faucets. By utilizing AR technology, customers can visualize how a faucet will look and function in their specific environment before making a purchase, eliminating guesswork and ensuring a perfect fit.

FaucetFlex's AR functionality continues to lead the way in providing cutting-edge solutions that marry innovation and practicality in the plumbing industry.

Crossover Search

Crossover a Product
Enter a competitor's model number to find Krowne's version of that model.

OR

Need Casters?
Search the manufacturer's model number for the correct Krowne caster.

If no caster appears, please email casters@krowne.com

Disclaimer: Crossovers are not guaranteed for 100% accuracy. Please verify any alternate model result against your required product specification.

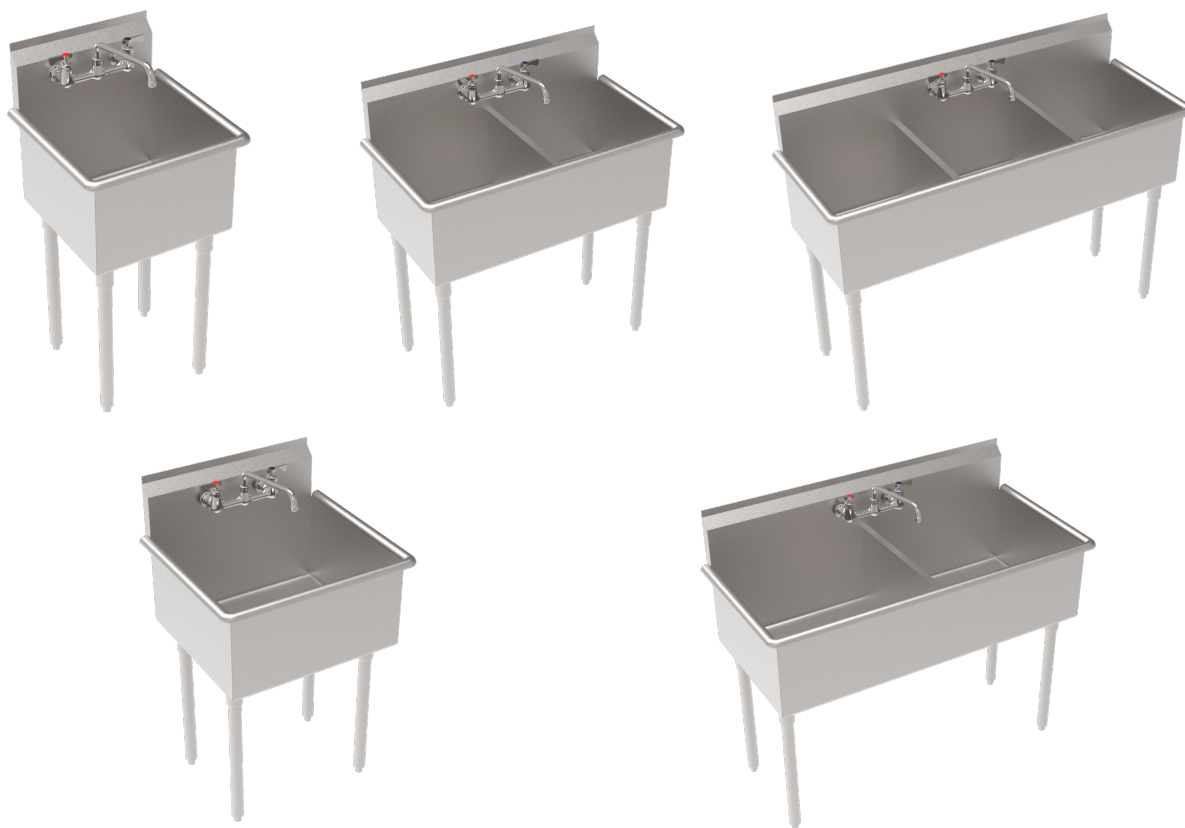

Our **Crossover Search** tool revolutionizes the way businesses find compatible replacement parts for their equipment.

This innovative online search simplifies the daunting task of locating specific components by offering a user-friendly interface that provides comprehensive data. With just a few clicks, users can easily identify the precise parts they need, streamlining the maintenance and repair process.

Whether it's faucets, fittings, or other essential components, our **Crossover Search** ensures efficiency and accuracy. This invaluable tool underscores our commitment to customer satisfaction, providing a seamless experience for professionals in the plumbing industry.
