With our commitment to quality and innovation in the plumbing industry, we feel the same should be said for our furry friends!

Angled Spray Valve

Our **Angled Spray Valve** for Pet Grooming faucets are designed to deliver precision and comfort during grooming sessions.

- Lightweight aluminum spray valve for enhanced comfort
- The grip and ring provide better control and maneuverability when bathing pets
- Durable construction ensures long-lasting performance
- Handle design minimizes hand fatigue, ideal for professional groomers & pet owners
- Gentle, shower style spray with 5.08 GPM @ 125 PSI

Paired with our grooming faucets, this spray valve enhances the overall grooming experience, ensuring pets are thoroughly cleaned with ease!

9" Tangle Resistant Coiled Hose

The **Coiled Hose** for Pet Grooming faucets are a versatile and durable solution designed to enhance the grooming experience.

- 9" tangle-resistant, prevents kinking
- Flexible coiled design allows for extended reach
- Effortless maneuverability, making it easy to wash pets of all sizes
- Ensures consistent water flow and long-lasting performance

Ideal for both commercial grooming stations and home setups, our **Coiled Hose** is an essential accessory for efficient and stress-free pet care!

Wall Hook for Utility Spray's

Our **Plastic Coated Wall Hook** is a practical and durable accessory designed to keep your pets workspace organized.

- Easy to install
- Ensures secure grip on utility spray, keeping it in place
- Plastic coating prevents scratches and wear on the equipment

- Convenient storage solution, providing easy access to utility sprays
- Ideal for busy grooming environments

Ideal for pet grooming stations, our **Wall Hook** enhances efficiency and maintains a clutter-free environment, which is essential being around pets!

Adapters for Pet Grooming Faucets

Our **Pet Grooming Adapters** are designed to provide seamless connectivity and enhanced versatility for grooming stations.

- **3/4" Male Garden Hose Adapter (21-212)**: Allows for easy attachment of a standard garden hose to pet grooming faucets.
- **3/4" Male X 3/8" NPT Female Adapter (21-213)**: Offers a precise fitting to various hose and faucet types.
- **3/4" Male X 1/2" NPT Female Adapter (21-214)**: Provides another option to connect various hose and faucet types.

With flexible setup options, our adapters ensure secure and leak-free connections that are built to withstand frequent use, making them an essential tool in demanding pet grooming environments!
