## Standard Features

- 24" x 24" x 13" overall
- 21" x 21" x 9" bowl
- Removable front panel
- 2" drain included
- 18 gauge stainless steel
- Mounting Hardware included

## Instructions

1. Open front cover of unit with a screwdriver.
2. Sit unit on floor and align to 2-1/4" drain pipe (Pre-Installed and raised 3-1/2" from floor), drill four 3/8" holes by marking at factory punched holes on unit's feet.
3. Tighten all four 3/8" bolts and install strainer as shown above. Use a screwdriver to tighten driver bar, then remove driver bar and keep it in a safe place for future use.
4. Put front cover back and tighten all bolts.
